

Join Us for a Community Conversation!

**Saturday, April 22, 1 - 3 pm
First Parish UU Arlington**

**Are you 50+ and trying to find a game plan for your Third Act?
Are you wondering where you will live as you age & need help?
Are the conventional options less than appealing?**

Imagine...What if you lived in your own right-sized home in a safe, accessible neighborhood, where people know and care about each other? A place where you have as much privacy AND as much community as you want. Where you can share meals with your neighbors several times a week at the common house, and where friends live just across the way. Where you have a voice in what goes on and remain independent and in control of your life as long as possible.

Join Us for a free community conversation about **Senior Cohousing**, an innovative model for aging in place and in community. Slideshow presentation followed by facilitated small group discussions. Organized by First Parish Arlington & Middlesex Senior Cohousing. Registration not required, but appreciated. Go online to Eventbrite & search "Middlesex Senior Cohousing" or email middlesex.senior.cohousing@gmail.com
